

Light for Green, Responsibility for Future

2025 Sustainability Report Highlights

01

Key Achievements

140+

Countries and Regions
Reached

170GW+ by 2025

Global Shipment

● **Equivalent to 221 billion kWh**

Annual Green Electricity Generation

● **Equivalent to 182.8 million tons**

Annual Carbon Emission Reduction

Committing to the Science Based Targets initiative (SBTi)

● ↓ **39.65% from the base year**

Absolute Scope 1 and 2 GHG Emissions

● ↓ **6.51% from the base year**

Scope 3 Category 1 GHG Emissions from Purchased Goods and Services Per Unit of Product

● **5.82 tce/MW** ↓ **15.73% YoY**

Energy Consumption Intensity Per Unit of Cell Production

● **1.30 tce/MW** ↓ **18.78% YoY**

Energy Consumption Intensity Per Unit of Module Production

02

Decarbonizing the Value Chain

93.69%

↑ **2.33% YoY**

Water Resource Recycling Rate

97.11%

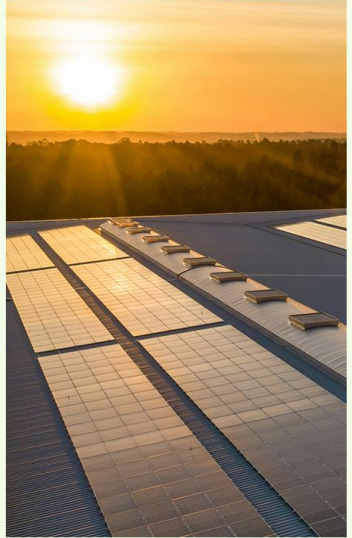

↑ **0.91% YoY**

General Waste Recycling Rate

24.79 tons/MW

↓ **28.64% YoY**

Comprehensive Water Consumption Intensity

5

Green Factories

108

Carbon Footprint Certificates

0

Landfill for General Waste

72 million kWh of Electricity

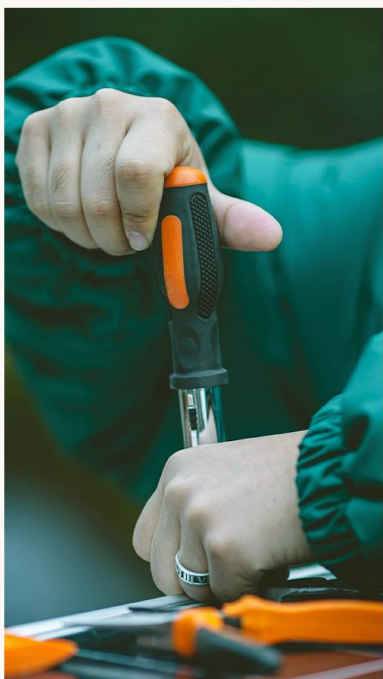

132 Energy Saving Projects

0.60 million tons of Water

11 Water Saving Projects

03

Empowering People and Communities

28.75%

↑ **4.32% YoY**

Female Employees

17.25%

↑ **4.42% YoY**

Female Managements

19.97%

↑ **3.58% YoY**

Women in STEM Jobs

86.63%

Local Procurement

A total of 241 Employees

Completed Higher Education

Around 1.21 million USD

Employee Training Investing

Around **0.53** million USD donated, benefiting **695** students

“Solar The Future” Public Welfare Program

35

Ecological Power Stations

04

Integrity and Transparency at Our Core

22.22%

Female Board Member

33.33%

Independent Board Member

100%
Certification

ISO 27001

6

External Ethics & Compliance Audits

05

Excellence in Every Module

100%

Product Supervision and Sampling
Inspection Pass Rate

0

Major Quality and Safety
Accidents

96.49

Customer
Satisfaction

100%

Core Suppliers Audited
for ESG Standards

100%

Conflict-mineral-free
Procurement

06

From Commitment to Action

Platinum TOP 1% Globally
EcoVadis Group-level

Overall Highest Achiever
RETC

TOP Performer for 9 Times

Silver
SSI Certified
ESG Site

Bronze
SSI Certified Supply
Chain Traceability Site

* **Silver** SSI Certified ESG Site

As of the end of the Reporting Period, Chint Solar (Haining) Co., Ltd. and Chint New Energy Technology (Fuyang) Co., Ltd. were certified Silver against the SSI ESG Standard.

* **Bronze** SSI Certified Supply Chain Traceability Site

As of the end of the Reporting Period, Chint Solar (Haining) Co., Ltd. and Chint New Energy Technology (Fuyang) Co., Ltd. were certified Bronze against the SSI Supply Chain Traceability Standard.
