### Information

Growatt Powering Tomorrow

### Power distribution

Total of Station:	326
Total of Energy:	998 MWh.
Reimbursement:	998000 \$.
Reduced CO2:	995 T.

### Example plants

User need not login, click here and go into the example plants.

Current Data, History Chart  
Plant Data, Plant Analysis

Click to view

### Notice

**Reduce Co2:**  
652kg  
**save coal:**  
852kg

Step two: click to view Example Plants
