"Partnering with mangrove forest communities, grassroots NGOs, researchers and local governments to conserve and restore mangrove forests and related coastal ecosystems, while promoting community-based, sustainable management of coastal resources."

James Vaux

August 18th, 2021

Dear Mr. Vaux,

We wish to thank you for your generous donation of \$1,089.92 (£800.00) to Mangrove Action Project (MAP) on August 18th, 2021. This donation will help support ongoing efforts on behalf of the mangroves and the coastal communities that depend on these unique forests, and will help MAP in conserving and restoring our planet's most vital coastal wetlands.

MAP is taking on the increasing challenges of conserving and restoring our planet's threatened mangroves all around the world – from Asia, to Latin America, to Africa – which will help to combat climate change, save endangered species, and allow coastal communities to sustain their livelihoods and traditions. It is your support and the support of others that allows us to continue our efforts.

Again, thank you very much for your support of MAP.

Sincerely,

Dominic Wodehouse

Executive Director,
Mangrove Action Project

Date of Donation: August 18th, 2020
Amount: \$1,089.92 (£800.00)
